- Minimize losing budget – preserve and utilize budget dollars for future projects and services.
- A single credit purchase order – streamline financial process.

Ordering, Tracking, Redemption, and Delivery

Juniper Networks FSC can be ordered directly from your Juniper Networks Representative or from any Juniper authorized Reseller or Distributor.

FSC SKU is SVC-FLEX-CREDIT or PAR-FLEX-CREDIT and has a value of \$1,000 USD (U.S Dollars) per quantity (1) one. After your purchase order is received, Juniper will send you an email confirming your order, current balance, and expiration date. When you need to redeem your FSC for a Juniper Service, please refer to the contract in the confirmation email you received from Juniper and your assigned FSC administrator will contact you to coordinate the redemption and delivery. A monthly summery report will be sent to you with the details of what has been redeemed and the current balance.

Please note that the price for the service requested to be redeemed must be approved by Juniper first before formal delivery can be scheduled.
